

(A) Robustness summary

| Perturbation            | R      | $\beta$ | N      |
|-------------------------|--------|---------|--------|
| Full global dataset     | -0.244 | -0.157  | 53,420 |
| Excluding Africa        | -0.250 | -0.162  | 49,282 |
| Excluding Antarctica    | -0.246 | -0.158  | 53,368 |
| Excluding Asia          | -0.241 | -0.155  | 51,103 |
| Excluding Europe        | -0.212 | -0.142  | 44,362 |
| Excluding North America | -0.255 | -0.174  | 38,686 |
| Excluding Oceania       | -0.244 | -0.157  | 52,838 |
| Excluding South America | -0.248 | -0.160  | 52,396 |
| Excluding Unknown       | -0.268 | -0.135  | 31,905 |
| Trimmed 0.5–99.5%       | -0.264 | -0.140  | 52,884 |

(B) Leave-one-continent-out & tail robustness
